JONES, George Mallory [Professor, University Schools] April 1919 (005)

April 2nd, 1919

Professor H. H. Jones,
University Schools.

My dear Professor Jones:

The position that has become vacant through the death of Professor Petrov will be in Roman Law and General Law, and we rather look for a man to occupy either of these positions who has had some legal training.

In regard to Canadian history we have several men on the staff who are quite authorities at present, and there is really no urgency in that special department.

With kind regards, I am,

Yours sincerely,

President.
